To whom it may concern:

It is with great confidence and enthusiasm that I am writing to endorse the Bullet Proof Manager Program offered by Caribbean Centre for Leadership Development. Our company started the program in November 2013 with several managers in attendance.

This program is unlike any other that we have ever encountered. Bullet Proof Manager has a built-in accountability system that results in return on implementation. The return on training investment is almost real time.

This year-long program seeks to ensure that lessons are transferred from the training room to the office floor by monthly follow up meetings with participants. At these meetings participants are encouraged to think outside the box to determine what steps need to be taken to implement ideas and how these impact both the employee and the company.

I highly recommend that you add this program to your management/staff training plan.
